THE PROPERTY DETAILS

An acre that backs up to woods and a park holds this updated, walk-out bi-level. The house has 3 bedrooms, 2.5 baths and two living spaces. New flooring in many rooms adds to the easy living feel. There's a covered, maintenance free deck, a large patio with hot tub and a gazebo...not to mention great views from all. The lower level was used as the master bed-

room for many years. It has a closet and half bath. The master is now upstairs and has a full bath and will hold a king sized bed. The back yard is full of wildlife..the largest deer was a 19 pointer. Private spaces but location is close to restaurants, churches and groceries.
